## VOX 360

Vox 360 is our outstanding hybrid audio guide which uses a unique optical-reader that triggers high-quality audio commentary from a graphite underlay on specially treated cards. It can also be used as a standard tour guide radio device.

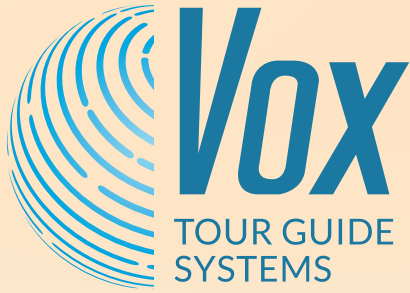

Vox 360 has been selected as an official St Peter Basilica device, where it is used with satisfaction by more than 10 million people from all around the globe.

## VOX VDR

Vox VDR uses the latest digital technology to provide guaranteed interference-free audio of the highest quality. Its superior features are packed into a surprisingly compact and lightweight device. The unit has a distinctly modern feel and its European engineering is finished to perfection. The range and battery life of the VDR are unbeatable, and it has innovative state-of-the-art pairing. Vox VDR sets the new standards for tour guide systems.
